Please explain how these funds will be used to provide a public benefit:

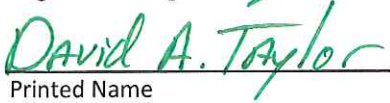

UCG based Bachelor Completion, Master, and Doctorate programs are a major Workforce Development, Increased Citizen Income, and Economic Development enabler. Greenville County is the largest county by population in the State of South Carolina and it does not have a major Public University in its Metro Service Area; that is why the University Center of Greenville was founded by Higher Education, Community, and Governmental Leaders 36 years ago in 1987 - - to fill the Higher Education (Bachelor Completion, Master, and Doctorate) void in Greenville County. As of the 2019 Census, Greenville County was the largest South Carolina County with a Population of 523,542; approximately 9% to South Carolina's total Population; and, with approximately 45,000 people over 25 years old having some college and no Bachelor Degree. A person who moves from 'Some College and no Bachelor Degree' to attaining a Bachelor Degree on average has a 41% higher income. In addition to the need for Bachelor Completion Programs, Master and Doctorate programs are increasingly required given Greater Greenville's population growth and economic vibrancy. Further evidence of the University Center of Greenville's support can be seen by 9 of South Carolina's strong Accredited Universities being UCG Member Universities and growing to offer over 70 Academic Programs in conjunction with UCG. UCG's Mission and Operations are directed by UCG's diverse 25 Member Board of Trustees; consisting of 11 very senior and impactful Business/Community Leaders, 9 Presidents/Delegate from UCG's 9 Member Universities, the President of Greenville Technical College, and 1 Member each from the South Carolina Upstate Legislative Delegation, Greenville City Council, Greenville County Council, and the President of the South Carolina Commission on Higher Education.
