Reviewer's Findings

Palmetto Fellows Scholarship

Based on a sample of two (2) students

Condition: We found two instances where the institution was not able to provide evidence that the non-renewal notification was sent to the students by the end of the spring 2023 term due to not meeting the continued eligibility requirements.

Criteria: 62-335 (E) - By the end of the spring term each academic year, the institution must notify all Palmetto Fellows who have not met the continued eligibility requirements for the next academic year. The notification should include information regarding the student's ability to attend summer school in order to meet the continued eligibility requirements.

Cause: We could not verify if the students were notified that they did not meet the continued eligibility requirements at the end of spring 2023 and informed of the option to attend summer school to meet the continued eligibility requirements.

Effect: One student did not return to the institution and lost their remaining eligibility. The other student lost their remaining Palmetto Fellow eligibility.

Recommendation: We recommend the institution evaluate all functional areas that impact how and when continued eligibility is determined and communicated to scholarship recipients.

Management's Response: The individual who managed the Palmetto Fellows (PF) program is no longer employed at GTC. The program is now managed by our LIFE coordinator. I feel confident in her abilities and attention to detail and do not expect any further such issues with PF.
