Reviewer's Findings

Other Procedures

<u>Condition:</u> We found that the institution did not invoice the CHE for \$6,146.50 of SC LIFE Scholarships to students and over-invoiced the CHE for \$2,750.50 of SC Need-based Grant (NBG) Scholarship during the 2022-2023 academic year.

<u>Criteria:</u> 62-1200.70 (B) and 62-260 (B) state, "...all eligible institutions that participate in the program must abide by program policies, rules, or regulations..."

The state lottery programs must be continuously reconciled at the end of each award period to ensure that CHEMIS is properly recorded, and CHE is accurately and timely invoiced.

<u>Cause</u>: Oversight in the process of invoicing the CHE for scholarships that were disbursed but not invoiced and refunding the CHE for scholarships that were previously invoiced to the CHE, but never disbursed.

<u>Effect:</u> The institution is not in compliance with the CHE fund management requirements. Because the institution did not comply with the requirements of the regulations as stated in the criteria above, the institution will be unable to collect \$6,146.50 for the SC LIFE Program and must return the SC NBG Scholarship funds of \$2,750.50 immediately.

Recommendation: The institution must implement policies and procedures to ensure the state lottery programs are continuously reconciled at the end of each award period to ensure student disbursements, invoices to the CHE and information reported on CHEMIS agree.

<u>Management Response:</u> The institution agrees with the findings and will be issuing a check to the SC Commission on Higher Education by December 20, 2024.

Identified Issues

- **SCNBG Discrepancies:** The invoices contained errors due to inconsistent timing and varying methods used across the Offices of Institutional Research (I.R.), Financial Services, and Financial Aid when generating and sharing reports.
- **LIFE Discrepancies:** Slight variances arose from reports being generated at different times by the respective offices.

Corrective Measures

To eliminate such discrepancies moving forward, we have implemented the following steps:

- 1. **Standardized Reporting:** All offices will adhere to uniform reporting templates and procedures, ensuring consistency across data submissions.
- 2. **Enhanced Communication:** A formal process has been established for inter-office collaboration, including regular reviews and data reconciliation before submission.
- 3. **Updated Procedures:** State award processing will be frozen on a designated date prior to invoice finalization to prevent timing-related variances.
- 4. **Process Improvement:** Additional oversight measures have been introduced to ensure the accuracy and alignment of invoice data with reported figures.

These measures are designed to prevent discrepancies in future reporting cycles and to promote consistent, accurate communication between our offices.
