

## About the Foundation

The South Carolina Higher Education Foundation is a partner to the South Carolina Commission on Higher Education (CHE) and an advocate on behalf of the state's higher education system. The Foundation enhances funding flexibility to bring the institutions of our higher education system and other stakeholders together to address the challenges facing our state.

## Our Vision and Strategies

As a partner to CHE, the Foundation is uniquely positioned to support the CHE's pursuit of accessibility, affordability and excellence in post-secondary education, with a goal to increase higher education attainment.

Higher education attainment is both a private benefit and a public good for our state. Individually it contributes to personal enrichment and statistically-proven financial benefits, while a well-educated workforce also strengthens economic opportunities for business and industry. This ensures a globally competitive workforce, drives civic engagement, and leads to better quality of life for all.

Increasing attainment will require creative collaboration and partnerships, not only within the educational sector, but across government, private industry, and other philanthropic organizations. It will require critical new policies, programs, and partnerships to help South Carolinians understand the value of higher education as we strive to increase access to these resources and opportunities.

## Our Aims

- 1. Promote awareness, interest, support, and participation in higher education through events such as Campus Safety Conference, College and Career Decision Day, Higher Education Day, and Trustee training.*
- 2. Sponsor leadership and professional development activities for administrators and faculty to enhance the quality of instruction, research, and service at colleges and universities.*

3. *Support activities that further CHE's educational goals such as increased access to higher education, increase awareness of workforce trends, and other information to facilitate informed decision making about higher education.*
4. *Support and coordinate statewide conferences focusing on student issues, such as campus safety and academic support services.*
5. *Sustain a funding base and distribute funds for the charitable purposes of the Foundation.*

### Your Impact

An inclusive approach to the advancement of higher education can improve conditions for all, expanding every institution's ability to grow and prosper. Together we can strengthen the workforce, drive South Carolina's economic success, and provide a higher quality of life across our state. We hope you will consider this critical and unique opportunity to support an organization that exists to benefit all higher education institutions and citizens in South Carolina.

### Ready to get involved?

The Foundation accepts cash, pledges, properties, planned gifts and bequests. All gifts are tax-deductible. Gifts should be payable to: The SC Higher Education Foundation, Inc.

**Dalton and Linda Floyd Campus Safety Conference**

**June 11 – 12, 2026**

**Francis Marion University**

**Florence, SC**

The Campus Safety Conference is a two-day event that brings together institution leaders to discuss how to keep college campuses safe. Topics include swatting, behavioral threat assessment, mental health, sexual violence, emergency management planning, and policy updates. We ask that all sponsorships are confirmed by May 29, 2026. You can contact Elizabeth Robinson at (803) 856-2991 or [erobinson@che.sc.gov](mailto:erobinson@che.sc.gov) with any questions.
