SUBJECT: Confirmation of Legal Basis for Existence Required by USDE Regulation  
600.9(a)(1)(i)(A)

Dear Copeland:

This is to confirm that the South Carolina Commission on Higher Education (CHE or Commission), at its meeting on October 6, 2011, confirmed degree-granting authority for your institution. Attached is the memorandum that includes the recommendation that was moved and approved. The document is also posted to the web site of the Commission. ([http://www.che.sc.gov/Commission%20Calendar&Materials/Oct2011MtgMaterials/Agenda\\_It em\\_802C.pdf](http://www.che.sc.gov/Commission%20Calendar&Materials/Oct2011MtgMaterials/Agenda_It em_802C.pdf))

The Commission took this action so that independent institutions will be able to document legal basis for their existence. According to the United States Department of Education (USDE) Regulation 600.9(a)(1)(i)(A) an option through which the requirement may be met is action issued by an appropriate State agency or State entity wherein the institution is authorized by name as a postsecondary education institution.

USDE Regulation 600.9(a)(1) requires that states have a process to review and appropriately act on complaints concerning the institution. CHE Regulation 62-27(C) gives the Commission authority to intervene on the behalf of a person filing a complaint against an institution that is exempt from the oversight of the Commission. A Student Complaint form is posted on the web site of the Commission. ([http://www.che.sc.gov/AcademicAffairs/License/Complaint\\_procedures\\_and\\_form.pdf](http://www.che.sc.gov/AcademicAffairs/License/Complaint_procedures_and_form.pdf))

Please let me know if you have any questions or the Commission may be of further assistance.

### MEMORANDUM

**To:** Mr. Ken Wingate, Chair, and Members, Commission on Higher Education

**From:** Dr. Bettie Rose Horne, Chair, and Members, Committee on Academic Affairs and Licensing

### Consideration of Request for Confirmation of Degree-Granting Authority Independent Institutions

#### Summary

On October 29, 2010, the United States Department of Education (USDE) published in the Federal Register (75 FR 66832) final regulations that make a number of changes for improving integrity in the programs authorized under Title IV of the Higher Education Act of 1965, as amended (HEA). The changes have implications for institutions and for postsecondary oversight agencies.

One new regulatory provision of the HEA requires that institutions document legal basis for their existence. An excerpt from the regulation that includes the section on state authorization is shown at the end of this memorandum. According to 600.9(a)(1)(i)(a), the requirement may be met through a charter, statute, constitutional provision, or other action issued by an appropriate State agency or State entity wherein the institution is authorized by name as a postsecondary education institution. 600.9(a)(1) specifies that the authorizing state must have a process to review and act on complaints. CHE Regulation 62-27 says that Commission may intervene on the behalf of a person filing a complaint against an institution that is exempt from the oversight of the Commission.

On behalf of the South Carolina independent institutions listed in the recommendation (which are exempt from the Commission's licensing jurisdiction under the Nonpublic Postsecondary Institution License Act) this request to the Commission on Higher Education is made to document compliance with USDE, Office of Postsecondary Education, Program Integrity Regulations for State Authorization.

Other information regarding HEA:

For the information of the Committee members, another issue that has repercussions for public and independent institutions and the CHE staff is HEA provision (600.9(c)). It requires that each institution have documentation of compliance with authorization requirements as determined by each state in which an institution offers education through distance or correspondence to students in a state in which it is not physically located. Originally scheduled for implementation July 1, 2011, USDE has delayed sanctions under this provision until July 1, 2014, so long as the institution is making good faith efforts to identify and obtain necessary state authorizations. As a result of this requirement, the CHE licensing staff has responded to several hundred requests from institutions seeking information about the licensing requirements and jurisdiction of the Commission. Under the Nonpublic Postsecondary Institution License Act, the Commission does not have jurisdiction where an institution enrolls SC residents into online courses or programs where the institution does not conduct activities defined as operating or soliciting in South Carolina. Several states, under their current jurisdiction, require approval of institutions that enroll residents of their states. Several groups are developing initiatives for model licensing regulations and reciprocity.
