

Committee on Academic Affairs and Licensing  
Meeting Schedule

Traditionally, CAAL has met on Thursday mornings at 10:00 am. This will present a problem going forward.

Questions:

- Is there another day that we want to identify as the official CAAL meeting day?
- Do we need or want to meet more frequently?
- Should the CAAL meetings be scheduled so that the agenda items go to the next CHE meeting?
- Are there other concerns or issues?

Currently approved schedule of meetings:
